

Social Media Consent Form

Dear Parent

During the year, all of our students discover, learn and achieve many academic and developmental goals. We regularly take photographs and videos of enrolled students to be shared with other families attending in a very safe manner. Please note that usage of photos or videos by enrolled families of any child other than their own is not allowed.

Learning Ladders may also use students' photos or videos in communication with the outside community for information on school activities or promotions in different media formats.

In consideration of my child(ren)'s participation at Learning Ladders, I hereby grant permission to Learning Ladders, its staff and affiliates to utilize my child(ren)'s photos, videos or artwork in communication with outside community for above mentioned purposes. I understand that no royalty, fee or any other compensation of any kind shall become payable to me by reason of such release and use of any photograph or video.
